Opis produktu

Overview

Aero Cosmetics, waterless mop designed for washing aircraft, cars, RV's and boats. The Wash Wax Mop was developed to make waterless washing faster, and easier, without the need for a ladder. This mop, first of its kind, double sided mop, has two independent, washable micro fiber pads. One pad, the "wet side", is for applying Wash Wax ALL to the surface to be cleaned, and the other pad, the "dry side", is for drying the surface. Aero Cosmetics customers are reporting that due to the waterless mop's ease-of-use, it reduces the time to clean an aircraft or RV by 40-50%. Now you can clean a much larger area faster, with less effort, while also eliminating the safety concerns with constantly climbing and moving a ladder. Includes: Mop head with two Micro Fiber Mop Pads and a Deluxe 4`-9 ft extension Pole. (see photo of Deluxe Pole on "Our Products" page.)

Note: This Deluxe Mop Pole is not designed for Commercial Use.

Features

- Specifically Designed for Waterless Wash and Wax Vehicles
- Safe No Ladders to Climb
- Faster, Easier Waterless Washing and Waxing.
- · Can Also be used to Quickly Dry Large, Tall Vehicles after wet washing
