AeroShell Calibrating Fluid 2 - 202 Liter Drum

Cena brutto **7 583,37 zł**

Cena netto **6 165,34 zł**

Kod producenta **550043790**

Opis produktu

AeroShell Calibrating Fluid 2 is composed of Specially Run Stoddard Solvent and is used for calibrating aircraft fuel system components.

Applications: AeroShell Calibrating Fluid 2 is intended for the calibration of fuel system components of aircraft turbine engines.

Specifications AeroShell Calibrating Fluid 2:

- U.S. Approved - MIL-PRF-7024E Type II

Properties	MIL-PRF-7024E Type II	Typical
Oil Type	---	Mineral
Relative density @ 15.6° C	0.77 (+/- 0.005)	0.77
Temperature - density variation		
@ 15°C	---	0.7705
@ 30°C	---	0.759
@ 40°C	---	0.752
@ 80°C	---	0.7225
Kinematic viscosity mm ² /s		
@ 10°C	---	1.46
@ 25°C	1.17 (+/- 0.05)	1.15
@ 40°C	---	0.95
Flashpoint by TAG method °C	38	43
Total acid number mgKOH/g	0.015 max.	0.007
Colour, saybolt	---	30
Copper corrosion 3 hrs @ 100°C	must pass	passes
Aromatics % vol	20 max.	< 1.0

Quantity: 202 liters drum
