## AeroShell Oil 100 1QT

Cena brutto	<b>42,43 zł</b>
Cena netto	<b>34,51 zł</b>
Numer katalogowy	<b>550050799</b>
Kod producenta	<b>550050799</b>
Kod EAN/Wewnętrzny	<b>2693958600002</b>

### Opis produktu

AeroShell straight mineral oils are blended from selected high viscosity index base stocks. These oils do not contain additives except for a small quantity of pourpoint depressant (which is added when improved fluidity at very low temperature is required) and an antioxidant.

#### Applications :

The appropriate grades of these AeroShell Oils are approved for use in four-stroke (fourcycle) certified aircraft reciprocating piston engines (except Porsche) and other aircraft radial engines which use oil to specification SAE J-1966 (MIL-L-6082) and which do not require use of an oil containing a dispersant additive. AeroShell Oils are used primarily during break-in of most new or recently overhauled four-stroke aviation piston engines. The duration and lubrication recommendations for break-in vary, so operators should refer to the original engine manufacturer and/or overhaul facility for specific recommendations.

#### Specifications :

- AIR 3560/D - Grade SAE 50)
- MS-20
- O-117 Obsolete
- OM-270
