## ALCOR 46149 EGT W/ LIGHT 2 1/4

Cena brutto	<b>2 318,09 zł</b>
Cena netto	<b>1 884,63 zł</b>
Kod producenta	<b>46149</b>

### Opis produktu

#### Overview

Alcor EGT gauges are aircraft quality gauges which will provide precise monitoring of engine temperatures. PMA/FAA approved.

[Click here](#) to download the manual in PDF.

#### Features

- The best value in the industry backed by a generous 3 year warranty
- Save on fuel costs through precision leaning—running as little as 100° too rich can cost \$1,000 in wasted fuel over 100 hours
- Quick visual reference to peak EGT
- Set reference to peak EGT where you want with easy in-flight calibration—special screwdriver included
- No risk of malfunction during electrical failure—requires no external source of power for operation
- Attention homebuilders—easy installation with no electrical system required
- Designed to provide temperature compensation for accurate readings year round, on the ground and at altitude
- All necessary mounting hardware included
- Alcor instruments are designed, manufactured, and supported in the U.S.A.

#### Specifications

- Type: K - Red and Yellow
- Size: 2-1/4" diameter
- Resistance: Scale 1600F at 3.63 Ohm
- Weight: 0.2 lbs
- Single indicator calibrated for 90" lead (recalibration for other lead lengths possible)
- Hash marks with asterisk at 4/5 scale
