Opis produktu

Overview

ALCOR CLAMP 3-1/4 EGT/TIT PROBE GROUNDED, .80 OHM, TYPE K

*All ring terminals and hardware.

Features

- Backed by an industry leading 5 year warranty
- Small element diameter provides for near instantaneous instrument response
- Provides sufficient electrical power for Alcor unamplified instruments
- Built in radiator minimizes the high temperature effects on internal spotweld connections
- Intended for use with Type K EGT or TIT instruments and leads
- Clamp fits 1 1/8" to 3 1/4" diameter exhaust systems with approximately .1285" size hole
- Accurate to 25 degrees at 1500 degrees Fahrenheit
- PMA and FAA approved for all reciprocating powered aircraft
- Alcor probes are designed, manufactured, and supported in the U.S.A.

Specifications

- Type: K - Red and Yellow
- Grounded
- Style: Clamp 3 1/4" Max
- Resistance: .80 ± .10 Ohm
- Weight: 0.12 lbs
- Alcor P/N: 86255
