ARDROX AV30 CORROSION INHIBITING COMPOUND, PAIL 20 LT// MIL-PRF-16173E CL 1G^o1 & 4 & BMS3-29

Cena brutto	4 050,81 zł
Cena netto	3 293,32 zł
Kod producenta	AV30_25L

Opis produktu

Ardrox AV 30 .
Corrosion Inhibiting Compound .

Penetrating, water displacing, corrosion inhibiting compound (CIC). Forms an almost tack-free, waxy film.

Range of Use :

- Applied as a coating to protect metals commonly used in airframe structures and in aerospace components from corrosion.
- AV 30 can be used in all areas of the airframe on painted and unpainted surfaces.
- AV 30 is a versatile CIC product. It combines good penetration properties with excellent corrosion inhibiting characteristics at low applied film weight.
- Movable parts should be masked before treatment unless spraY application can be controlled to prevent direct contact. If AV 30 spray control or masking of movable components is not possible, then an alternative, soft waxy film CIC, such as AV 25 should be used.

Specifications :

- MIL-PRF-16173E CL 1G^o1 .
- BMS3-29 .
