Concorde RG24-11 Valve Regulated Lead Acid Aircraft Battery

Cena brutto **3 805,50 zł**

Cena netto **3 093,89 zł**

Kod producenta **RG24-11**

Opis produktu

Overview

A pair of RG24-11 batteries were installed in the Global Flyer while breaking all world records. Now, a pair of RG24-11s & Global Flyer have a hangar of honor at the Smithsonian Air & Space Museum in Washington, D.C.

Recombinant Gas - The RG Series are low resistance, valve regulated lead acid (VRLA) batteries.

- Superior starting power
- Reliable essential power in the event of a generator failure
- Low impedance design
- Maintenance free
- Constructed with non removable vent valves - no addition of electrolyte or water required
- Aerobatic: Non spillable at any altitude or attitude
- Factory tested to assure airworthiness
- Shipped fully charged and ready to install
- Manufactured with absorbed glass mat separators (AGM)
- RG Series batteries ship non-HAZMAT

NOTE: This aircraft battery is not designed or intended for turbine aircraft engine starting applications. Warranty coverage applies to reciprocating aircraft engine starting, and standby / essential power installations.

NOTE - The STC for some aircraft is available at an additional cost please call 877-4-SPRUCE (777823) if applicable to your aircraft.
