DAVTRON DEN/PRESS ALT 655-2NVG

Cena brutto	3 186,77 zł
Cena netto	2 590,87 zł
Numer katalogowy	21672174
Kod producenta	655-2-NVG
Kod EAN/Wewnętrzny	5900016404104

Opis produktu

Davtron M655 Features:

- 2 1/4" standard mount or front mount
- Outside air temperature (°f)
- Outside air temperature (°c)
- Pressure altitude
- Density altitude
- Aircraft voltage
- Voltage alarm (not on nvg unit)
- Deviation alarm (not on nvg unit)
- Sunlight readable display
- FAA/PMA Approved

Davtron FAA PMA # PQ1062NM

Installation

- Davtron Inc. recommends that you purchase our products through your local avionics shop and have them do your installation. They know how to handle all the log book entries you need for FAA approval.
- **FAA/PMA Approvals**
- Beech Models 35, A35, B35, C35, D35, E35, F35, G35, H35, J35, K35, M35, N35, 35-33, and 35-A33

Specifications

- Density altitude: -10,000 to 70,000 ft.
- Pressure altitude: -1000 to 62,700 ft. (Depends on encoder range.
- Flashing annunciator character on incorrect encoder inputs.
- Temperature range: -55 °C to +100 °C ±2°C Typ. -67 °F to +212 °F
- Voltage range 10V to 32V
- Input voltage: 14 or 28 volts.
- Input current: .35 amps max.
- Weight: 5 oz.
- Warranty: 1 year
