GARMIN G3X GEA 24 ENGINE INTERFACE UNIT ONLY

Cena brutto	5 818,32 zł
Cena netto	4 730,34 zł
Numer katalogowy	21678022
Kod producenta	010-01042-01
Kod EAN/Wewnętrzny	3469330465502

Opis produktu

When paired with G3X Touch for Certificated Aircraft, GEA™ 24 uses inputs from engine sensors to enable your G3X Touch to display primary engine information — allowing for the removal of outdated analog gauges. The system can accommodate various engine, fuel and electrical gauges with easy-to-interpret color bands, supporting most popular Lycoming or Continental 4- to 6-cylinder engines.

In addition to providing real-time indications, the system also offers a fuel computer, lean assist mode, pilot alerts/advisories and more — enabling you to optimize fuel economy while maintaining high efficiency and performance from your engine. The EIS data can also be logged to an SD™ card in the display and later uploaded to flyGarmin.com® for analysis by your maintenance shop's service team.
