ICOM IC-A25CE Pro VHF Range Aviation Range

Cena brutto	2 220,56 zł
Cena netto	1 805,33 zł
Numer katalogowy	21671017
Kod producenta	IC0550
Kod EAN/Wewnętrzny	5900004524104

Opis produktu

COM IC-A25 CE Radiotelefon aircraft

Air radio **IC-A25CE** works with 8.33kHz and 25kHz. It has support for COM channels. It has a large display, an air bandwidth service from 118MHz and a "screen negative" function for night-time work. ICOM IC-A25CE air radiotelephone is similar to the IC-A25NE, but in the A25NE version, the functions of bluetooth and GPS are added to the radio. The appearance is also slightly different-the border around the front panel.

Several ICOM IC-A25CE air radio station information

- Automatic search for ground stations located nearby (must be in memory before)-function also occurs at IC-A25NE
- VOR navigation functions (also in IC-A25NE) OBS/ABSS/TO-FROM
- GPSU receiver
- Map on Android or iOS
- Manual support for manual support
- COM Channels
- Frequency range: 118MHz-136,9MHz
- Power per 1 8W of continuous (as carrier) and 6W at the peak of modulation
- BP-288 battery weight: 340g
- Power consumption up to 1.8A when granting/up to 500mA on receiver with enabled modules
- Working in a disputed temperature range from -20 °C to + 55 °C
- 25kHz channel and 8,33kHz-also IC-A25NE
- 300 channels of memory in 15 groups
- GPS
- 2.3inch display with very bright and programmatic negative night work
- Quick Change of Chest (flip-flop)
- IP57-tightness class
- ANL
- 121,5MHz Alarm Channel-also in version IC-A25NE
- More information in the brochure below:

What is in the kit with ICA25CE Airport?

- Battery li-ion BP288
- BP-289 battery box
- Quick Desk Charger: BC-224
- Power supply for table loaders: BC-123SE
- Airline adapter/interposer on ordinary, headset or headphone/headset: OPC-2379
- Antenna for airband: FA-B02AR
- Clips: MB-133
- Short wrist strap
