Opis produktu

The **Liqui Moly** windshield cleaner is a highly effective foam cleaner for aircraft and helicopter cockpit windshields and canopies. It cleans sensitive cockpit windshields highly effectively and streak-free inside and out. Dissolves and removes silicones, insects and oil and grease contaminants to prevent pilot distraction when flying into the sun or at night.

Properties:

- For internal and external use
- Excellent cleaning effect
- Removes silicone residues
- Tested for UV at altitude
- Does not attack plastics, rubber and paints
- Can be applied without scratching

Technical data of Liqui Moly Windshield Cleaner:

- Propellant - propane, butane
- Solubility - soluble in water
- Form - aerosol, liquid
- pH value: 9,5
- Flash point - 60 °C

Areas of application: for aircraft and helicopter cockpit windshields and canopies. Suitable for internal and external use on acrylic, polycarbonate and other plastic windshields. Specially formulated for the needs of **General Aviation (GA)**. Does not attack rubber, paints or plastics.

Application: Shake can before use. Spray evenly onto the surface to be cleaned, allow to act, then wipe off with a clean cloth or paper towel.

Package size: Aerosol Can à 300 ml
