MICHELIN TIRE M07601 1050X395R16

Cena brutto	13 492,73 zł
Cena netto	10 969,70 zł
Numer katalogowy	21674353
Kod producenta	M07601
Kod EAN/Wewnętrzny	5900038714106

Opis produktu

Legendary Radial Performance From Michelin®. MICHELIN® Air X® radial tires are currently mounted on a wide range of commercial, military and corporate aircraft. It's really no surprise, given the numerous advantages they offer over conventional bias-ply tires. In reality, they have elevated the basic performance expectations for aircraft tires, the same way MICHELIN® radials raised the standards for automobile tires.

Reference & Application Chart

Size	Ply Rating	Speed (MPH)	Part Number	Brand	TL/TT	Avg (lbs)	Applications
