SIGMATEK 3-1/8" AIRSPEED 40-300MPH 40-200KNT LIT

Cena brutto	5 801,91 zł
Cena netto	4 717,00 zł
Numer katalogowy	21671967
Kod producenta	EA5172L
Kod EAN/Wewnętrzny	5900014344105

Opis produktu

These airspeed indicators have unrestrained movements. These instruments are actuated by ram air and ambient atmospheric pressure obtained from the aircraft pitot and static pressure systems. A moveable pointer and a fixed dial indicate airspeed with the zero index at the 12 o'clock position. Temperature compensation is internal and there is no external zero adjustment. Pointer damping is internally adjustable.
