### Opis produktu

#### PRODUCT DESCRIPTION:

Use fully your tablet with RAM Tab-Tite™. Spring design facilitates inserting and removing the tablet, and ensures safety during the trip. The tip of the bowl has been designed to optimize the functionality of the tablet, allowing you to access the audio, USB, power and other ports that you can use as intended. Ideal for stationary and mobile apps, this new RAM product is what you need to make the full use of your mobile device.

RAM Tab-Tite™ is compatible with the following tablets:

- Apple iPad mini (without etui)
- Amazon Kindle Fire \* (without furs or with thin furs/skin)
- Blackberry Playbook (without etui or with thin etui/skin)
- Dell Streak 7 (without etui or with thin hous/skin)
- Motorola XYBOARD 8.2 (without etui or with thin hous/skin)
- Samsung Galaxy Tab 7.0 (without etui or with thin hous/skin)
- Samsung Galaxy Tab 7.0 Plus (without etui or with thin hous/skin)
- Samsung Galaxy Tab 7.7 (without etui or with thin hous/skin)

The tab handle-Tite™ is compatible with each tablet or reader that matches the dimensions listed below. When determining the total size, the tablet dimensions should be verified.

#### Handle dimensions:

Height: 173 mm minimum to 229 mm maximum

Width: maximum width up to 135 mm

Depth: minimum 3 mm up to a maximum of 14 mm

For devices with thick/unhandy enclosures, such as Otterbox, see X-grip II (see related products below)

#### Functions:

1. The retaining bowls contain open nests to accommodate devices of different sizes, including protective sleeve tablets
2. The back plate can handle mixes of different sizes
3. Spring voltage provides safe support for the tablet
4. Spring handle allows quick release of the tablet
5. Full access to all ports

#### Material:

High-strength compost

These handles require round plate (RAM-B-202) (see related products below)

\* Does not fit with Kindle Fire HD, use X-grip II (see related products below)
