Opis produktu

Overview

Guaranteed accurate within 2% with a 1-yr. warranty. Weight - an unbelievable 4oz. These instruments are self powered by the thermocouple, except for the lighting. Range: 700-1700 F

Note: Westberg 712 Series Thermocouples are for Non-TSO CHT & EGT Gauges only. They have two small pins which are the same size. 713 Series Thermocouples cannot be used with Non-TSO Gauges.
